

PENNZOIL PREMIUM LITHIUM COMPLEX GREASE

Review Date: 20 January 2025

PRODUCT DESCRIPTION

Pennzoil Premium Lithium Complex Grease is a premium quality lithium complex grease that provides protection against rust and corrosion, resistance to water washout and has extreme pressure properties.

The grease is formulated with paraffinic mineral base oils and thickened with lithium complex soap.

APPLICATION

Pennzoil Premium Lithium Complex Grease is suitable for a wide variety of applications and severe operating conditions such as in general automotive and industrial applications where high temperature is required, industrial ball and roller bearing and rolling element bearing applications in moist environment.

Recommended operating temperature range of Premium Lithium Complex Grease is -15°C to +180°C

BENEFITS

- Outstanding high temperature wheel bearing performance
- Excellent extreme pressure and anti-wear performance
- Excellent oxidation stability
- Good water resistant
- Good protection against rust and corrosion
- High dropping point

SPECIFICATIONS

- NLGI 2
